***Document No. 5***

On Friday, December 09, 2005, at 2:20 p.m., I spoke with Joe Verb from the Ottawa County Engineer's Office who stated that it appears the roads are returning to favorable conditions and that we could lift the current Level 1. I concurred as I had also been out driving many of the East End roads and round them to be clearing up. The sun was out and melted many of the intersections.

Therefore effective at 2:30 p.m. on this date, the Level 1 will be lifted. Communications Division will make the appropriate notifications.
