RE: *Winter Weather Level Alert
Saturday, March 22, 2008
Update #1*

A Level 2 had been issued for Ottawa County due to the overnight storm that hit the County. After issuing the Level 2, I went out to personally observe some of the roads and found that even some of the major thoroughfares were covered with snow and ice, and there was a great deal of drifting. I then went to County and Township roads and found the same conditions there. The snow had stopped. However, winds were still fairly strong.

Further developments will be documented.
